CCNA Security Lab Manual Version 2 (Lab Companion) By Cisco Networking Academy

The only authorized Lab Manual for the Cisco Networking Academy CCNA Security Version 2 course

The Cisco® Networking Academy® course on CCNA® Security is a hands-on, career-oriented e-learning solution with an emphasis on practical experience to help you develop specialized security skills to expand your CCENT-level skill set and advance your career. The curriculum helps prepare students for entry-level security career opportunities and the Implementing Cisco IOS® Network Security (IINS) certification exam (210-260) leading to the Cisco CCNA Security certification.

The CCNA Security Lab Manual provides you with all 15 labs from the course designed as hands-on practice to develop critical thinking and complex problem-solving skills needed to prepare for entry-level security specialist careers.

Through procedural, skills integration challenges, troubleshooting, and model building labs, this CCNA Security course aims to develop your in-depth understanding of network security principles as well as the tools and configurations used.

Editorial Review

Users Review

From reader reviews:

Joan Jackson:

This CCNA Security Lab Manual Version 2 (Lab Companion) book is absolutely not ordinary book, you have after that it the world is in your hands. The benefit you receive by reading this book is actually information inside this guide incredible fresh, you will get data which is getting deeper an individual read a lot of information you will get. This specific CCNA Security Lab Manual Version 2 (Lab Companion) without we understand teach the one who studying it become critical in pondering and analyzing. Don't possibly be worry CCNA Security Lab Manual Version 2 (Lab Companion) can bring whenever you are and not make your carrier space or bookshelves' grow to be full because you can have it inside your lovely laptop even cell phone. This CCNA Security Lab Manual Version 2 (Lab Companion) having excellent arrangement in word as well as layout, so you will not really feel uninterested in reading.

Ned Aguayo:

The reason why? Because this CCNA Security Lab Manual Version 2 (Lab Companion) is an unordinary book that the inside of the publication waiting for you to snap this but latter it will jolt you with the secret the item inside. Reading this book beside it was fantastic author who else write the book in such incredible way makes the content inside of easier to understand, entertaining way but still convey the meaning thoroughly. So , it is good for you for not hesitating having this any longer or you going to regret it. This phenomenal book will give you a lot of advantages than the other book get such as help improving your skill and your critical thinking technique. So , still want to hesitate having that book? If I have been you I will go to the guide store hurriedly.

Helen Velez:

Reading a book for being new life style in this yr; every people loves to study a book. When you study a book you can get a wide range of benefit. When you read publications, you can improve your knowledge, because book has a lot of information in it. The information that you will get depend on what types of book that you have read. In order to get information about your study, you can read education books, but if you want to entertain yourself look for a fiction books, these us novel, comics, in addition to soon. The CCNA Security Lab Manual Version 2 (Lab Companion) provide you with new experience in reading through a book.

Janelle Coe:

As a scholar exactly feel bored in order to reading. If their teacher asked them to go to the library or make summary for some book, they are complained. Just minor students that has reading's heart or real their interest. They just do what the teacher want, like asked to the library. They go to there but nothing reading critically. Any students feel that examining is not important, boring and also can't see colorful photos on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this era, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So , this CCNA Security Lab Manual Version 2 (Lab Companion) can make you sense more interested to read.
