Celestial Harvest: 300-Plus Showpieces of the Heavens for Telescope Viewing and Contemplation (Dover Books on Astronomy) By James Mullaney

Discover more than 300 of the finest celestial wonders that can be viewed with common "backyard" telescopes, many of which are visible to the naked eye on dark, clear nights. Listed and characterized phenomena include the Andromeda Galaxy, the largest and brightest of galaxies beyond the Milky Way; the Snowball, one of the autumn sky's outstanding planetary nebulas; and more than 20 other special objects.

Suitable for amateur stargazers of all ages and students of astronomy, this guide contains extensive observation information about the sun, the moon, Venus, Mars, Jupiter, Saturn, and other members of the Earth's solar system. Additional topics include bright asteroids such as Ceres, Juno, and Vesta, as well as open star clusters, diffuse nebulas, supernova remnants, spiral galaxies, and other phenomena. By employing an abbreviated descriptive format, this volume offers maximum details that will assist in field and armchair use.

Editorial Review

Users Review

From reader reviews:

Richard Martinez:

Do you have favorite book? Should you have, what is your favorite's book? Publication is very important thing for us to learn everything in the world. Each reserve has different aim or maybe goal; it means that reserve has different type. Some people sense enjoy to spend their a chance to read a book. These are reading whatever they have because their hobby is usually reading a book. What about the person who don't like reading through a book? Sometime, particular person feel need book after they found difficult problem or exercise. Well, probably you will need this Celestial Harvest: 300-Plus Showpieces of the Heavens for Telescope Viewing and Contemplation (Dover Books on Astronomy).

Ginger Amundson:

Playing with family inside a park, coming to see the ocean world or hanging out with pals is thing that usually you might have done when you have spare time, then why you don't try issue that really opposite from that. One activity that make you not experience tired but still relaxing, trilling like on roller coaster you already been ride on and with addition associated with. Even you love Celestial Harvest: 300-Plus Showpieces of the Heavens for Telescope Viewing and Contemplation (Dover Books on Astronomy), you could enjoy both. It is great combination right, you still wish to miss it? What kind of hang-out type is it? Oh occur its mind hangout people. What? Still don't have it, oh come on its called reading friends.

Kristen Zamora:

This Celestial Harvest: 300-Plus Showpieces of the Heavens for Telescope Viewing and Contemplation (Dover Books on Astronomy) is great publication for you because the content that is full of information for you who else always deal with world and have to make decision every minute. This kind of book reveal it info accurately using great coordinate word or we can say no rambling sentences in it. So if you are read it hurriedly you can have whole facts in it. Doesn't mean it only offers you straight forward sentences but challenging core information with attractive delivering sentences. Having Celestial Harvest: 300-Plus Showpieces of the Heavens for Telescope Viewing and Contemplation (Dover Books on Astronomy) in your hand like having the world in your arm, details in it is not ridiculous one particular. We can say that no publication that offer you world throughout ten or fifteen minute right but this e-book already do that. So , this is good reading book. Hey there Mr. and Mrs. occupied do you still doubt in which?

Kathleen Bosarge:

You are able to spend your free time you just read this book this publication. This Celestial Harvest: 300-Plus Showpieces of the Heavens for Telescope Viewing and Contemplation (Dover Books on Astronomy) is simple bringing you can read it in the area, in the beach, train and soon. If you did not get much space to bring often the printed book, you can buy typically the e-book. It is make you easier to read it. You can save often the book in your smart phone. Thus there are a lot of benefits that you will get when you buy this book.
