Chess for Kids By Michael Basman

A children's step-by-step visual guide to the rules, skills, and techniques of chess—by International Master and renowned chess tutor Michael Basman.

From the history of chess and the aim of the game to essential tactics and taking it even farther in clubs, tournaments, and championships, *Chess for Kids* covers it all. Before explaining techniques, the book details each piece—pawns, bishops, the king, and more—to ensure kids have a comprehensive understanding before they begin to play. Chess board graphics illustrate different scenarios and support the text explanations so readers can visualize different moves and their potential outcomes as they go.

Let *Chess for Kids* and International Master Michael Basman turn you into a champion chess player.

Editorial Review

From [Booklist](#)

Gr. 4-8. International Master Basman puts 20 years of experience teaching children how to play chess into this systematic, succinct, and thorough book. Dedicating each page to a different topic, he guides readers through the rudiments of the game, from explaining the pieces and setting up the board to special moves, essential techniques, and attack and defense strategies that players must know to win. Especially interesting for readers entirely new to the game are anecdotes in the "Check it out" section, which explain the origins of chess and how the game has figured in literature, language, and even history. A solid introduction for novices and good for skilled players wanting to develop their strategies and find out about chess clubs and tournaments. *Roger Leslie*
