Editorial Review

Review

"I would put anything with Walter Pall trees in it near the top of my list!" **BONSAINUT**

"Larry is making me question everything I think I knew as proper technique, from a growing standpoint". **BONSAINUT**

"Questions and answers to everything you need to know about bonsai horticulture and development. It's a must have, sort of like an encyclopedia of modern bonsai horticulture. You could not find this stuff in one place so well explained." **WEETREES FORUM**

"This book will open your eyes. It certainly will cause a lot of discussion". **WALTER PALL BONSAI ADVENTURES.**

"An essential NEW bonsai book that's different from any other bonsai book you've ever seen. Horticultural scientist Larry Morton has put together the first bonsai book that focuses on what we now know about growing plants and applying that knowledge to bonsai."

"This clear, concise and exceptionally thorough book will provide a lifetime of knowledge for any bonsai enthusiast." **BONSAIBARK.**

Q: For the horticultural aspects (of bonsai), what is the best book?

A: I recently bought a newly published book, "*Modern Bonsai Practice, 501 Principles*" by Larry Morton. It is the most in-depth book on bonsai horticulture I have ever seen. I am still reading it and would recommend it to anyone that wants to dig into the hows and whys of growing bonsai. I think some will find Morton's findings controversial but everything he brings out is based on actual practice and research instead of passing on rumors or old wives tales of bonsai care. All the photos in the book are Walter Pall bonsai, and that alone is worth the price of admission.

BONSAINUT

About the Author

BS Ornamental Horticulture . Former owner of Landscape Consultants, Inc., and Preferred Trees Nursery. Larry Morton provides seasoned, proven professional advice on how you can care for your miniature trees.

Walter Pall is the world renowned bonsai artist/photographer of all the bonsai images in Modern Bonsai Practice. From his website, <http://walter-pall-blogspot.com> "For many years Walter has been writing a lengthy and comprehensive encyclopedia on bonsai. Hopefully some day this will be published. He has also written more than 100 articles that have been published in Western bonsai magazines. Walter is a very good photographer and is able to provide many high quality pictures to illustrate his articles. He is also a very active, vocal participant on the internet in the bonsai scene."

Users Review

From reader reviews:

Scott Ridgway:

What do you regarding book? It is not important along? Or just adding material when you want something to explain what the one you have problem? How about your time? Or are you busy individual? If you don't have spare time to perform others business, it is give you a sense of feeling bored faster. And you have free time? What did you do? Everyone has many questions above. They need to answer that question due to the fact just their can do which. It said that about book. Book is familiar in each person. Yes, it is suitable. Because start from on guardería until university need this Modern Bonsai Practice: 501 Principles of Good Bonsai Horticulture to read.

Mary Davis:

As people who live in the actual modest era should be up-date about what going on or info even knowledge to make these people keep up with the era that is always change and move forward. Some of you maybe will update themselves by reading books. It is a good choice in your case but the problems coming to anyone is you don't know which you should start with. This Modern Bonsai Practice: 501 Principles of Good Bonsai Horticulture is our recommendation so you keep up with the world. Why, since this book serves what you want and want in this era.

Jason Carr:

Do you have something that you prefer such as book? The book lovers usually prefer to choose book like comic, small story and the biggest an example may be novel. Now, why not striving Modern Bonsai Practice: 501 Principles of Good Bonsai Horticulture that give your enjoyment preference will be satisfied by means of reading this book. Reading habit all over the world can be said as the opportunity for people to know world far better then how they react in the direction of the world. It can't be mentioned constantly that reading routine only for the geeky individual but for all of you who wants to be success person. So , for all of you who want to start reading as your good habit, you can pick Modern Bonsai Practice: 501 Principles of Good Bonsai Horticulture become your own starter.

Marvin Davidson:

On this era which is the greater individual or who has ability to do something more are more precious than other. Do you want to become considered one of it? It is just simple solution to have that. What you need to do is just spending your time almost no but quite enough to possess a look at some books.
