Pediatric Decision-Making Strategies, 2e By Albert J. Pomeranz MD, Svapna Sabnis MD, Sharon Busey MD, Robert M. Kliegman MD

Designed to accompany Nelson Textbook of Pediatrics and Nelson Essentials of Pediatrics, Pediatric Decision-Making Strategies is a concise, user-friendly reference that uses a unique algorithmic approach to facilitate diagnosis, testing, and basic treatment of common pediatric disorders. For any given symptom, an algorithm guides the reader through the appropriate investigative procedures and lab tests to reach definitive diagnoses. An updated format that enhances usability makes this medical reference book a must-have for medical students, residents, and practitioners treating pediatric patients.

"...it demonstrates a way of thinking about medicine that is useful in paediatrics and in all other specialties." **Reviewed by** Seminars in Fetal and Neonatal Medicine, Apr 2015

- **Explore concise, focused, and updated algorithms** that cover the most common pediatric problems.
- **Gain imperative knowledge from an expert author team** that includes Dr. Robert M. Kliegman (of the Nelson line of textbooks), as well as references to related chapters in both *Nelson Textbook of Pediatrics*

Expert Consult eBook version included with purchase. This **enhanced eBook experience** allows you to search all of the text, figures, algorithms, and references from the book on a variety of devices.

Editorial ReviewReview

"I would recommend it for students because it demonstrates a way of thinking about medicine that is useful in paediatrics and in all other specialties. I would also recommend it to junior doctors working in an assessment unit or emergency department; a quick glance at an algorithm before seeing a patient is much faster than leafing through pages of text." **Reviewed by** Seminars in Fetal and Neonatal Medicine , Apr 2015

From reader reviews:

Samuel Travis: Do you among people who can't read pleasurable if the sentence chained within the straightway, hold on guys this kind of aren't like that.
