The Stepford Wives By Ira Levin

The internationally bestselling novel by the author of *A Kiss Before Dying*, *The Boys from Brazil*, and *Rosemary's Baby*

With an Introduction by Peter Straub

For Joanna, her husband, Walter, and their children, the move to beautiful Stepford seems almost too good to be true. It is. For behind the town's idyllic facade lies a terrible secret -- a secret so shattering that no one who encounters it will ever be the same.

At once a masterpiece of psychological suspense and a savage commentary on a media-driven society that values the pursuit of youth and beauty at all costs, *The Stepford Wives* is a novel so frightening in its final implications that the title itself has earned a place in the American lexicon.

Editorial Review

From Library Journal

Levin was a hot commodity in the 1960s and 1970s, cranking out horror potboilers like *Rosemary's Baby*, *The Boys from Brazil*, and this 1972 title, all of which share the common theme that people aren't always who or what they seem. This slim volume finds protagonist Joanna and husband Walter and kids leaving the wicked city for the bucolic town of Stepford. Despite its ideal facade, the sleepy little storybook town actually is more wicked. Joanna soon notices that her female neighbors are all body and no brains and seemingly exist only to do housework while their husbands gather nightly at a mysterious men's club. Even worse, it appears that the women who moved there just before her suddenly begin morphing into hausfraus built like swimsuit models-and she's next! It's hard to tell if this is a stab at the feminist movement or simply a male fantasy, but it's a fun read and will keep you turning the pages. Note also that a new feature film based on this story is in the works.
