Years By LaVyrle Spencer

Linnea Bradenborg expects to find culture and excitement in Alamo, North Dakota, where she's recently been hired as the new schoolteacher. Instead, she finds a sparse little town in the middle of nowhere. Better yet, her train is met by a cantankerous wheat farmer named Theodore Westgaard who doesn't bother to hide his displeasure when he discovers that L.I. Brandenburg is a woman and not the man he was expecting. Westgaard thinks twice about bringing Linnea home to live with him, but he soon realizes that he has no choice. All of the town's past schoolteachers have lived with the Westgaard family--made up of Theodore, his mother, and his teenaged son--due to their farm being located very near the schoolhouse, and so Theodore allows Linnea into his home. But who could have guessed that this young, independent woman would soon find her way into the handsome farmer's heart? A compelling classic to be read again and again, *Years* is a fitting tribute to the pioneer schoolteachers who braved many hardships to share the gift of knowledge with countless children. --Maudeen Wachsmith

From Publishers Weekly

In September 1917, 18-year-old Linnea Brandonberg steps off the train in Alamo, North Dakota, eager to begin her first teaching job. A town girl, she is not prepared for the dour reception of the Westgaard family, with whom she is boarding. But rather than let people and circumstances master her, she singlehandedly changes them, including Theodore Westgaard, a bitter widower of 35 who never thought he would fall in love again. Spencer has done a splendid job here in making this more than a story of two people enamored of each other. She describes the growth of Teddy and Linnea's love with sensitivity and refreshing candor and brings all the residents of Alamo to life in a way that makes the reader care about their satisfactions and heartaches.
