Editorial Review

Review

The book's strengths are its scientific rigour, its readability and its immediate applicability to daily practice in maternity care. It draws together, in an accessible format, the enormous amount of information available in the medical literature and in the Cochrane library... It is highly recommended for medical and midwifery practitioners, both trainees and those more experienced. eMJA

About the Author

Murray Enkin is at McMaster University. Marc Keirse is at The Flinders University.

Users Review

From reader reviews:

Brandy Hagaman:

Book is definitely written, printed, or highlighted for everything. You can learn everything you want by a e-book. Book has a different type.
