Contemporary Orthodontics, 5e By William R. Proffit DDS PhD, Henry W. Fields Jr. DDS MS MSD, David M. Sarver DMD MS

Now in full color, Contemporary Orthodontics, 5th Edition is a practical resource with a long tradition of excellence. Line drawings and more than 1,000 new color images illustrate concepts more clearly than ever. This book includes detailed information on diagnosis, treatment planning concepts, related problems or controversies, and current treatment procedures, including the role of orthodontics in comprehensive treatment of patients with multiple problems.

- **Updated material on psychosocial problems** in orthodontic treatment, oral function, and the relationship between injury and dental disease.
- **Case studies** throughout the text highlight the demand for orthodontic treatment, the etiology of orthodontic problems, and treatment planning for cleft lip and palate patients.
- **NEW! Review of the contemporary applications of 3D imaging** in both diagnosis and evaluation of treatment.
- **NEW! Updated information on** Temporary Anchorage Devices (TADs) and miniplates.
- **NEW! The latest advances in the biology of orthodontic treatment**, including new ways to accelerate orthodontic tooth movement and the continuing evolution of improved fixed appliances.
- **NEW! Over 200 new figures** to illustrate new concepts and procedures.

Editorial Review

Review

"*Contemporary Orthodontics*, 5th edition, is a practical resource with a long tradition of excellence. This edition has been extensively revised to maintain the original goal of the book: to provide an up-to-date overview of orthodontics that is accessible to both undergraduate and postgraduate students and a valuable reference for practitioners...The key elements fundamental in acquiring contemporary orthodontic skills are summarised in a coherent fashion. This text deserves to become the vade mecum for the aspiring orthodontist or clinician." **British Dental Journal, September 2012**

"As has become customary for all of the previous editions, this book represents a valuable teaching resource for all students interested in orthodontics. The previous editions have needed no real introduction, and this edition also adds to the reputation of the authors...A major step forward is the availability of the book and images on the internet...Any student of orthodontics wishing for self-improvement should acquire the latest text. The reader will not be disappointed." **European Journal of Orthodontics, January 2013**

"In the latest edition, there are over 200 new illustrations, which include colour photographs, radiographs and colour line drawings and tables. There is also updated material on psychosocial problems in orthodontic treatment, oral function and the relationship between injury and dental disease. Throughout the text there are many illustrated case studies and each chapter is supported by literature references." **British Dental Association News, March 2013**

Users Review

From reader reviews:

Bryan Rodriguez:

Throughout other case, little men and women like to read book *Contemporary Orthodontics*, 5e. You can choose the best book if you appreciate reading a book. Providing we know about how is important any book *Contemporary Orthodontics*, 5e. You can add expertise and of course you can around the world with a book. Absolutely right, mainly because from book you can learn everything! From your country right up until foreign or abroad you will find yourself known. About simple thing until wonderful thing it is possible to know that. In this era, we could open a book as well as searching by internet product. It is called e-book. You can use it when you feel bored stiff to go to the library. Let's study.

Teresa Laureano:

Reading a guide tends to be new life style within this era globalization. With studying you can get a lot of information that may give you benefit in your life. Together with book everyone in this world could share their idea. Books can also inspire a lot of people. A lot of author can inspire all their reader with their story as well as their experience. Not only the storyplot that share in the ebooks. But also they write about the knowledge about something that you need example. How to get the good score toefl, or how to teach your

kids, there are many kinds of book that you can get now. The authors on earth always try to improve their skill in writing, they also doing some analysis before they write for their book. One of them is this Contemporary Orthodontics, 5e.

Emma Peterson:

A lot of publication has printed but it differs. You can get it by world wide web on social media. You can choose the best book for you, science, witty, novel, or whatever by means of searching from it. It is identified as of book Contemporary Orthodontics, 5e. You can include your knowledge by it. Without making the printed book, it can add your knowledge and make an individual happier to read. It is most important that, you must aware about reserve. It can bring you from one destination for a other place.

Kimberly Foust:

Reading a publication make you to get more knowledge from the jawhorse. You can take knowledge and information from a book. Book is published or printed or illustrated from each source that filled update of news. Within this modern era like today, many ways to get information are available for you. From media social like newspaper, magazines, science guide, encyclopedia, reference book, book and comic. You can add your understanding by that book. Are you ready to spend your spare time to spread out your book? Or just in search of the Contemporary Orthodontics, 5e when you required it?
