### Contemporary Sociological Theory: Expanding the Classical Tradition (6th Edition) By Ruth A. Wallace, Alison Wolf

This book examines the assumptions and concepts of the five major sociological theories and the classical roots of the modern theories. It focuses specifically on functionalism, conflict theory, theories of rational choice, symbolic interactionism, and phenomenology. Focusing on writers whose work has most influenced social theory, this book explores the key concepts of each theory, the background of the major theorists, empirical applications, and everyday "lay" use of each perspective. The book also features examples of research based on actual theory, direct quotations from major theorists, and feminist contributions and critiques on each major perspective. The sixth edition of *Contemporary Sociological Theory: Continuing the Classical Tradition* has been revised to include updated research examples that were theoretically driven. An essential reference for every professional whose work is related to sociology.

### **Editorial Review**

#### **Review**

Thank you to the following reviewers: Darek NiklasRhode Island CollegeDavid FordUniversity of Central OklahomaPaul GrayBoston CollegeChristopher Hunter Grinnell College "I particularly like the ideas of splitting chapters up, to permit easier creation of reading assignments; of including adding group process approaches; of eliminating some of the less-used theories (e.g., Dahrendorf); and of retaining the style of writing. -Christopher Hunter, Grinnell College "I think the prospectus covers anything I could think of. Another thing I like is the proposal to separate the material into more digestible chunks.' Anything that makes the material more accessible and aids in the student's understanding would be a plus." -David Ford of University of Central Oklahoma "I like the text as is, but the revisions seem appropriate." -Paul Gray, Boston College

### **Users Review**

#### **From reader reviews:**

##### **John Wannamaker:**

Here thing why this specific Contemporary Sociological Theory: Expanding the Classical Tradition (6th Edition) are different and reputable to be yours.
