**Cultures of Relatedness: New Approaches to the Study of Kinship** From Brand: Cambridge University Press

Our understanding of what makes a person a relative has been transformed by radical changes in marriage arrangements and gender relations, and by new reproductive technologies. We can no longer take it for granted that our most fundamental social relationships are grounded in "biology" or "nature." Examining the idioms of relatedness in other societies, and ways in which relationship is symbolized and interpreted in our own society, this book challenges established analytic categories of anthropology, and brings into question the received wisdom at the heart of the study of kinship.

## **Editorial Review**

### **Review**

'In Cultures of Relatedness, kinship study takes flight once again, soars to new heights, and offers us fresh perspectives on a topic that has long been integral to anthropology.' Ethnos

## **Users Review**

### **From reader reviews:**

#### **Joshua Arwood:**

The reason? Because this Cultures of Relatedness: New Approaches to the Study of Kinship is an unordinary book that the inside of the book waiting for you to snap the item but latter it will surprise you with the secret that inside. Reading this book adjacent to it was fantastic author who have write the book in such awesome way makes the content interior easier to understand, entertaining way but still convey the meaning completely. So , it is good for you for not hesitating having this anymore or you going to regret it. This excellent book will give you a lot of benefits than the other book have got such as help improving your skill and your critical thinking technique. So , still want to hesitate having that book? If I had been you I will go to the reserve store hurriedly.

#### **Alice Bowers:**
