Keys to the Kingdom By Perseus

Shortly after an explosive op-ed piece about the 9/11 investigation appears in the *New York Times*, its author, former Senator and Co-chair of the 9/11 Congressional Inquiry Commission John Billington, is murdered near his Florida home.

Enter Tony Ramos, ex-Special Forces operative and former aide to Sen. Billington and currently a State Department intelligence analyst. Billington, having sensed the danger he faced, has left Ramos detailed instructions for an investigation into suspected Saudi complicity in 9/11. Ramos, in conjunction with Billington's daughter Laura, uncovers a shocking international conspiracy linking the Saudi Kingdom to Osama bin Laden and al-Qaeda.

Despite efforts to derail their investigation, whose scope encompasses Saudi Arabia, India, Pakistan, and Afghanistan, Ramos and Laura discover that the Kingdom has recently provided bin Laden and al-Qaeda with three nuclear devices, two of which are successfully detonated by the terrorists overseas. But they were just a warm up to the grand finale. The third device, Ramos learns, will be detonated off the California coast.

Now Ramos and a team of Special Forces must race against time to prevent al-Qaeda from unleashing nuclear disaster on American shores, and beyond.

Editorial Review

Review

“His novel delivers uncommon insight into the treacherous and sometimes frantic craft of intelligence gathering. It reads like a true story because Graham knows where the truth lies.”

—**Carl Hiaasen, *New York Times* bestselling author**

“Senator Bob Graham had more wisdom than I when he said that going into Iraq would take our focus off Afghanistan. Graham is able to present a narrative about the threats we face in an exciting and fast-paced novel. Read this book and you will become more expert in understanding our dangerous world.”

— **Jane Harman, Former Congresswoman and President, CEO, and Director of the Woodrow Wilson International Center for Scholars**

“*Keys to the Kingdom* ignites like a Homeland Security briefing and *The Situation Room* colliding head-on. Current, fast-paced, and crackles with the authenticity of someone who has obviously been ‘in the room.’”

—**Andrew Gross, #1 *New York Times* bestselling author**

“A fast-paced thriller that rings with authenticity, because it’s written by someone who knows how things really work at the highest levels of power.”

—**Joseph Finder, *New York Times* bestselling author of *Buried Secrets***

“*Keys to the Kingdom* is a story penned by a man who understands well the ins-and-outs of Washington intrigue, the shifting ground, the deadly gamesmanship of Middle Eastern politics, and the mind-numbing fear of international terror in the nuclear age. Bob Graham has written a page-turner with believable characters, brimming with suspense, and steeped in wonderfully authentic and brightly-drawn locations. It is a story that constantly teeters on the edge of reality causing one to wonder: Are we reading fiction or the banner headline of tomorrow’s 9/11?”

—**Steve Martini, *New York Times* bestselling author**

“Bob Graham has produced a taut thriller that educates while it entertains. His novel throbs with the heart-pounding urgency of its memorable characters.”

— **Rolf Mowatt-Larssen, Former Senior CIA Operations Officer and Director of the Office of Intelligence and Counterintelligence for the U.S. Department of Energy**
