The Feynman Lectures on Physics, boxed set: The New Millennium Edition

By Richard P. Feynman, Robert B. Leighton, Matthew Sands

"The whole thing was basically an experiment," Richard Feynman said late in his career, looking back on the origins of his lectures. The experiment turned out to be hugely successful, spawning a book that has remained a definitive introduction to physics for decades. Ranging from the most basic principles of Newtonian physics through such formidable theories as general relativity and quantum mechanics, Feynman's lectures stand as a monument of clear exposition and deep insight. Now, we are reintroducing the printed books to the trade, fully corrected, for the first time ever, and in collaboration with Caltech. Timeless and collectible, the lectures are essential reading, not just for students of physics but for anyone seeking an introduction to the field from the inimitable Feynman.

Editorial Review

About the Author

Richard P. Feynman was Richard Chace Tolman Professor of Theoretical Physics at the California Institute of Technology. He was awarded the 1965 Nobel Prize for his work on the development of quantum field theory. He was also one of the most famous and beloved figures of the twentieth century, both in physics and as a public intellectual.

Users Review

From reader reviews:

Lola Paolucci:

The book The Feynman Lectures on Physics, boxed set: The New Millennium Edition can give more knowledge and information about everything you want. Why then must we leave the great thing like a book The Feynman Lectures on Physics, boxed set: The New Millennium Edition? A number of you have a different opinion about publication. But one aim in which book can give many details for us. It is absolutely appropriate. Right now, try to closer together with your book. Knowledge or data that you take for that, you could give for each other; you may share all of these. Book The Feynman Lectures on Physics, boxed set: The New Millennium Edition has simple shape however you know: it has great and big function for you. You can appearance the enormous world by start and read a publication. So it is very wonderful.

Randy Garrison:

In this 21st one hundred year, people become competitive in every way. By being competitive at this point, people have do something to make these individuals survives, being in the middle of the particular crowded place and notice by surrounding. One thing that at times many people have underestimated this for a while is reading. Yep, by reading a e-book your ability to survive improve then having chance to stay than other is high. For yourself who want to start reading any book, we give you this specific The Feynman Lectures on Physics, boxed set: The New Millennium Edition book as basic and daily reading reserve. Why, because this book is greater than just a book.

Stephen Medley:

This The Feynman Lectures on Physics, boxed set: The New Millennium Edition tend to be reliable for you who want to certainly be a successful person, why. The key reason why of this The Feynman Lectures on Physics, boxed set: The New Millennium Edition can be one of many great books you must have will be giving you more than just simple reading food but feed a person with information that perhaps will shock your prior knowledge. This book is usually handy, you can bring it everywhere and whenever your conditions throughout the e-book and printed ones. Beside that this The Feynman Lectures on Physics, boxed set: The New Millennium Edition forcing you to have an enormous of experience including rich vocabulary,

giving you tryout of critical thinking that we all know it useful in your day exercise. So , let's have it and revel in reading.

Michael Banks:

As a student exactly feel bored for you to reading. If their teacher expected them to go to the library or make summary for some guide, they are complained. Just little students that has reading's soul or real their interest. They just do what the educator want, like asked to go to the library. They go to there but nothing reading really. Any students feel that reading through is not important, boring as well as can't see colorful photos on there. Yeah, it is to become complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore , this The Feynman Lectures on Physics, boxed set: The New Millennium Edition can make you experience more interested to read.
