Correct, Not Politically Correct By Frank Turek

Using sound reasoning and evidence—not religion—award-winning author, Frank Turek, shows that everyone will be hurt including children, the nation, and even homosexuals themselves. Turek provides concise answers to objections about equal rights, discrimination, and being born a certain way, and he exposes the real reason gay activists are trying to impose same-sex marriage on the country without a single vote from the people. Turek's message is direct but respectful—correct, not politically correct. It is a message that we must not ignore.
