Culture and Technology By Andrew Murphie, John Potts

We are 'going virtual' in more and more areas of our lives - from shopping to education, filing systems to love affairs. How can we assess the relationship between technology and culture when culture is so imbued with technology? This clear, concise and readable text aims to offer the student a one-stop guide through this complex and slippery terrain. Introducing a wealth of theoretical perspectives in a lucid and engaging style and covering a range of topical, challenging and intriguing examples - from cyborgs to digital art - it will be an essential text for everyone wanting to make sense of crucial forces of change on contemporary culture.

Users Review

From reader reviews:

Linda Yohe:

What do you think of book? It is just for students since they are still students or it for all people in the world, what best subject for that? Merely you can be answered for that query above. Every person has diverse personality and hobby for each other. Don't be pressured someone or something that they don't would like do that. You must know how great and important the book Culture and Technology. All type of book could you see on many sources. You can look for the internet solutions or other social media.

Kathryn Mullins:

What do you with regards to book? It is not important along with you? Or just adding material if you want something to explain what the one you have problem? How about your free time? Or are you busy person? If you don't have spare time to try and do others business, it is give you a sense of feeling bored faster. And you have free time? What did you do? All people has many questions above. They must answer that question since just their can do that. It said that about e-book. Book is familiar on every person. Yes, it is proper. Because start from on guardería until university need this kind of Culture and Technology to read.

Teresa Riggs:

The book with title Culture and Technology includes a lot of information that you can find out it. You can get a lot of benefit after read this book. That book exist new know-how the information that exist in this e-book represented the condition of the world now. That is important to yo7u to know how the improvement of the world. This book will bring you inside new era of the globalization. You can read the e-book with your smart phone, so you can read it anywhere you want.

Gene Lyons:

A lot of people always spent all their free time to vacation or go to the outside with them family members or their friend. Were you aware? Many a lot of people spent that they free time just watching TV, or maybe playing video games all day long. If you need to try to find a new activity here is look different you can read the book. It is really fun for you personally. If you enjoy the book which you read you can spent the entire day to reading a guide. The book Culture and Technology it doesn't matter what good to read. There are a lot of folks that recommended this book. They were enjoying reading this book. If you did not have enough space to bring this book you can buy the e-book. You can m0ore easily to read this book from your smart phone. The price is not to fund but this book provides high quality.
