Dragon Keepers #1: The Dragon in the Sock Drawer By Kate Klimo

For Magic Tree House readers who are ready for something longer, the Dragon Keepers series has the perfect length and reading level, along with the fast-paced writing, adventure, and sense of teamwork that kids love to read.

Ten-year-old cousins Jesse and Daisy have always wanted something magical to happen to them. So it's a wish come true when Jesse's newly found thunder egg hatches and a helpless, tiny, but very loud, baby dragon pops out. Soon the two kids are at the dragon's beck and call, trying to figure out what to feed her. An Internet search leads them to the library, which leads them back to the Internet, where they find a very strange Web site called foundadragon.org. Here the cousins discover that the dragon's hatching has designated them "Dragon Keepers." Not only do they have to feed the dragon, whom they named Emmy, but they also have to keep her safe from the villainous Saint George, who has kept himself alive over centuries by drinking dragons' blood!

Editorial Review

From School Library Journal

Grade 3–6—While looking for rocks with his cousin Daisy, Jesse finds a "thunder egg" that talks to him. Like the genie in the bottle, something says, "Let me out!" Thus begins the children's adventure. Jesse's parents are away on a mission trip, setting up a clinic in Tanzania. His aunt is off to Paris for an ad shoot, so Uncle Joe, Daisy, and Jesse have to deal with the rock/egg. After a dragon hatches, it needs to be fed—and finding out what to feed a dragon can be tough. What else? Google. Unfortunately, googling dragons, and even dragon food, results in millions of hits, so the cousins head to the library and find a listing for *The Dragon Keeper's Guide*. It's long out of print, but when they google the author's name, they are able to make contact with www.foundadragon.org and learn that dragons need calcium. The computer becomes interactive, and the cousins find the author talking to them, advising them of their new responsibilities and warning them to look out for Saint George. Illustrated with small black-and-white drawings to introduce each of the 11 chapters, this novel, with its unique and modern twists, is a great addition to the dragon genre for younger readers.—*Debbie Whitbeck, West Ottawa Public Schools, Holland, MI*

Review

"*The Dragon in the Sock Drawer* is funny and wonderfully written—a tall tale adventure that will surely grab young readers."

—Mary Pope Osborne, bestselling author of the Magic Tree House series

From the Hardcover edition.

About the Author

Kate Klimo first got the idea for this book many years ago when her three sons were small and she came across a geode lying among the rolled up socks in one of their sock drawers. When she is not writing, Kate is a children's book publisher. She lives in upstate New York with her husband, Harry, three horses, and one grandcat.

Users Review

From reader reviews:

Chad Brown:
