Kiss Me While I Sleep (CIA Spies Series Book 3) By Linda Howard

If you sense someone's watching you from afar, or if you feel a shadow other than your own at your back, I might as well pack it up and call it a day.

It's a job that makes a killing. Efficient, professional, and without apology, Lily Mansfield is a hired assassin, working as a contract agent for the CIA. Her targets are the powerful and corrupt, those who can't be touched by the law.

Now, after nineteen years of service, Lily has been drawn into a dangerous game that hasn't been sanctioned, seeking vengeance for her own reasons. Each move bolder than the next, she is compromising her superiors, drawing unwanted attention, and endangering her very life. Though stress and shock have made her feel somewhat invincible and a little cocky, Lily knows that she too can be taken out in an instant. And if it's her time, so be it. She intends to go down fighting.

A CIA agent himself, Lucas Swain recognizes the signs of trauma in the line of fire. His orders: either bring her in or bring her down. Yet he too is drawn into the game with Lily Mansfield, dancing on a tightrope as he tries to avoid a major international incident while still battling a tenacious foe who is dogging their every step. Keeping laser focus on the task at hand while vigilantly watching her back, Mansfield never sees the lethal peril that lies directly in her path . . . and how loyalty has a price.

Chock-full of the intrigue, breathless action, and sensuality that have made Linda Howard the master of romantic suspense, *Kiss Me While I Sleep* is a daring thriller of passion, sudden twists, and richly imagined characters who live and breathe in readers' hearts. It is the most gripping and complex novel of Linda Howard's career.

Editorial Review

From Publishers Weekly

CIA contract agent Lily Mansfield has been a ruthless, professional assassin for nearly 20 of her 37 years, but her work takes a personal turn after the young girl she rescued off the street as a baby, and the friends that were raising her, are killed. Lily turns renegade and avenges their deaths with a brilliantly executed murder, but she soon finds herself hunted by an evil family, embroiled in a plot that threatens the safety of the world, and chased by handsome CIA agent Lucas Swain, who has been charged with bringing Lily back by any means necessary. Though Howard's latest offering (after *Cry No More*) is far flung, the high energy story line translates well to audio thanks to the compelling performances of Hill and Bean. The duo deftly tackle the story's many intonations and foreign accents, and their skillful use of nuance lends some depth to Howard's larger-than-life characters.
