Enemies & Allies: A Novel By Kevin J. Anderson

“[A] fun read....Batman and Superman meet in this retro-flavored novel set amid the Cold War sensibilities of the 1950s.”

—*USA Today*

The Dark Knight meets the Man of Steel in *Enemies & Allies*—the thrilling story of the first-ever meeting between Batman and Superman, brilliantly imagined by *New York Times* bestselling author Kevin J. Anderson. One of today’s most popular writers pits the iconic superheroes against Lex Luthor and the Soviets—and each other—in a spellbinding story of destiny and duty set against the backdrop of America’s Cold War era.

Editorial Review

From Publishers Weekly

Anderson's latest is a hokey, contrived imagining of the first meeting between Batman and Superman, set during the thick of the cold war and hobbled by flat characters and flatter dialogue (My source was murdered shortly after she spoke with me. That tells me that Luthor must not have wanted her talking). The two superheroes are initially introduced when Clark Kent interviews Bruce Wayne for a feature in the *Daily Planet*, and their alter egos cross paths again as Batman and Superman are drawn into Lex Luthor's dastardly scheme for world domination. (It involves the Soviets and Death-ray transmitters.) To stop it, Batman and Superman embark on a ludicrous globe-trotting mission that's equal parts camp and *Forrest Gump*. A schlocky mediocrity for die-hard fans only. (May)

Review

Positioning all the superpowered heroics squarely between the era's futuristic optimism and postwar paranoia, this is a refreshing diversion from the grimness of *The Dark Knight* or the tedious *Superman Returns*. Injects a welcome dose of retro exuberance into the capes-and-tights routine. (Kirkus Reviews)

"Anderson keeps us guessing throughout with cleverplot twists and some intriguing alternate cold war history." (Booklist)

"The X-Files is a true masterpiece. There's no more challenging series on television, and as a bonus, it's also brainy fun." (Los Angeles Times)

From the Back Cover

It was a time of international tensions, a time of hope and fear—when rock 'n' roll, UFOs, and the Communist menace preoccupied America; the first time in history when human beings had the power to destroy their world.

It was a time when heroes were needed more than ever.

Evil is loose in the world. As the United States and the Soviet Union race to build their nuclear stockpiles, two extraordinary men are called upon to form an uneasy alliance. Studies in opposites—shadow and light—a Dark Knight and a Man of Steel must overcome their mutual distrust to battle a darkness that threatens humankind. And when the paths of these titans cross, a bold and exciting new chapter of history will be written . . . and nothing will ever be the same.

Users Review

From reader reviews:

Douglas Reece:

The book *Enemies & Allies: A Novel* can give more knowledge and also the precise product information about everything you want. Exactly why must we leave a very important thing like a book *Enemies & Allies: A Novel*? Wide variety you have a different opinion about guide. But one aim which book can give many

info for us. It is absolutely appropriate. Right now, try to closer together with your book. Knowledge or info that you take for that, it is possible to give for each other; you could share all of these. Book Enemies & Allies: A Novel has simple shape but the truth is know: it has great and massive function for you. You can search the enormous world by wide open and read a book. So it is very wonderful.
