Hurst's the Heart Manual of Cardiology, 12th Edition By Robert O'Rourke, Richard Walsh, Valentin Fuster

A complete pocket guide to diagnosing and treating the full range of heart problems

A Doody's Core Title for 2011!

4 STAR DOODY'S REVIEW

"This is an excellent counterpart to larger references (including Hurst's the Heart, 12th edition, Fuster et al. (McGraw-Hill, 2008), as the original intent of the authors). The chapters are short, succinct, and well written. The handbook makes excellent use of tables, algorithms, diagrams, and figures to synthesize key aspects of cardiovascular disease and care. Treatment recommendations take into account current ACC/AHA Clinical Practice Guidelines and are very specific about the indications for therapy. The chapters are written by established experts and are well referenced. Its portability makes it an instant rapid-access resource, invaluable for physicians doing bedside rounds"--*Doody's Review Service*

Summarizing the clinical sections of *Hurst's the Heart, 12e*, this point-of-care resource covers the key points of cardiovascular pathophysiology, diagnosis, and treatment in a quick-access presentation, making it essential for rounds, at the bedside, or on the wards.

NEW TO THIS EDITION:

- Updated information on cardiovascular drugs highlights the latest indications, important data, and side effects
- Full coverage of vital topics such as metabolic syndrome, diabetes and cardiovascular disease, peripheral arterial disease, stroke, and cardiovascular disease in the elderly
- Current US and European practice guidelines and treatment protocols help reinforce clinical decision-making
- Translation of genetic basis of arrhythmias to clinical practice provides a solid framework for diagnostic techniques

Users Review

From reader reviews:

John Householder:

As people who live in the modest era should be upgrade about what going on or data even knowledge to make these people keep up with the era that is certainly always change and move forward. Some of you maybe can update themselves by reading books. It is a good choice for yourself but the problems coming to anyone is you don't know what type you should start with. This Hurst's the Heart Manual of Cardiology, 12th Edition is our recommendation to cause you to keep up with the world. Why, because this book serves what you want and need in this era.

Charlie Smith:

A lot of people always spent their particular free time to vacation or perhaps go to the outside with them household or their friend. Were you aware? Many a lot of people spent they will free time just watching TV, or playing video games all day long. If you would like try to find a new activity here is look different you can read a book. It is really fun for you personally. If you enjoy the book which you read you can spent 24

hours a day to reading a guide. The book Hurst's the Heart Manual of Cardiology, 12th Edition it is rather good to read. There are a lot of those who recommended this book. We were holding enjoying reading this book. If you did not have enough space to bring this book you can buy typically the e-book. You can more simply to read this book from a smart phone. The price is not too costly but this book offers high quality.

Ann Edwards:

You could spend your free time to see this book this e-book. This Hurst's the Heart Manual of Cardiology, 12th Edition is simple to bring you can read it in the area, in the beach, train along with soon. If you did not get much space to bring the printed book, you can buy the actual e-book. It is make you better to read it. You can save often the book in your smart phone. Therefore there are a lot of benefits that you will get when you buy this book.

Maritza Berry:

A lot of book has printed but it differs. You can get it by world wide web on social media. You can choose the very best book for you, science, comedy, novel, or whatever by means of searching from it. It is identified as of book Hurst's the Heart Manual of Cardiology, 12th Edition. You can contribute your knowledge by it. Without leaving behind the printed book, it could possibly add your knowledge and make an individual happier to read. It is most significant that, you must aware about e-book. It can bring you from one spot to other place.
