Japonisme in Britain: Whistler, Menpes, Henry, Hornel and nineteenth-century Japan By Ayako Ono

Japan held a profound fascination for western artists in the latter half of the nineteenth century and the influence of Japonisme on western art was pervasive. Paradoxically, just as western artists were beginning to find inspiration in Japan and Japanese art, Japan was opening to the western world and beginning a process of thorough modernisation, some have said westernisation. The mastery of western art was included in the programme.

This book examines the nineteenth century art world against this background and explores Japanese influences on four artists working in Britain in particular: the American James McNeill Whistler, the Australian Mortimer Menpes, and the 'Glasgow boys' George Henry and Edward Atkinson Hornel. *Japonisme in Britain* is richly illustrated throughout.
