Landscape Detailing Volume 4: Water By Michael Littlewood

Well established as a valuable source of reference for architects, landscape architects, professionals and students designin external works. This volume covers water features and offers drawings detailed to scale, unlike many of the other books on the market which only deal in sketch forms.

Covers landscape ponds, streams and waterfalls, fountains, edges, bank protection, revetments, dams, weirs and sluices, island rafts and jetties and drainage. Each section begins with technical guidance notes on design and construction. This is followed by a set of drawn-to-scale detail sheets. These details can be traced for direct incorporation into the set of contract drawings.

A ready reference for landscape designers and an indispensable time-saving tool, Landscape Detailing is an essential for the design office.

Editorial Review

Users Review

From reader reviews:

Carla Smith:

Book is actually written, printed, or outlined for everything. You can recognize everything you want by a e-book. Book has a different type. As we know that book is important point to bring us around the world. Adjacent to that you can your reading proficiency was fluently. A guide Landscape Detailing Volume 4: Water will make you to end up being smarter. You can feel far more confidence if you can know about everything. But some of you think this open or reading a book make you bored. It is far from make you fun. Why they may be thought like that? Have you looking for best book or suited book with you?

Winnie Logan:

In this 21st hundred years, people become competitive in each and every way. By being competitive today, people have do something to make these people survives, being in the middle of the particular crowded place and notice by surrounding. One thing that oftentimes many people have underestimated that for a while is reading. Sure, by reading a reserve your ability to survive enhance then having chance to remain than other is high. For yourself who want to start reading some sort of book, we give you this kind of Landscape Detailing Volume 4: Water book as beginning and daily reading publication. Why, because this book is greater than just a book.

Annmarie Windham:

Exactly why? Because this Landscape Detailing Volume 4: Water is an unordinary book that the inside of the reserve waiting for you to snap it but latter it will surprise you with the secret that inside. Reading this book beside it was fantastic author who all write the book in such awesome way makes the content within easier to understand, entertaining method but still convey the meaning thoroughly. So , it is good for you because of not hesitating having this any more or you going to regret it. This amazing book will give you a lot of benefits than the other book have got such as help improving your skill and your critical thinking approach. So , still want to delay having that book? If I were you I will go to the e-book store hurriedly.

Elizabeth Nicholson:

In this age globalization it is important to someone to get information. The information will make professionals understand the condition of the world. The health of the world makes the information much easier to share. You can find a lot of references to get information example: internet, paper, book, and soon. You can view that now, a lot of publisher that will print many kinds of book. Typically the book that recommended to you personally is Landscape Detailing Volume 4: Water this reserve consist a lot of the

information in the condition of this world now. That book was represented so why is the world has grown up. The vocabulary styles that writer value to explain it is easy to understand. The writer made some investigation when he makes this book. That is why this book appropriate all of you.
