Editorial Review

Review

"This text does an excellent job of presenting facts about each approach in a comparative way--it is organized to build students' knowledge by highlighting contrasts and similarities of many approaches at once. I find this to be the text's biggest strength. It does not favor one approach over another, but it creates an image of elementary music education in a global sense where many teaching approaches exist and are often intertwined. Compatible and incompatible philosophies and teaching tools are identified. This provides a sense of perspective that students and beginning teachers must have if they are to find their own most effective teaching manner and potentially specialize in one or more approach."

"MUSIC IN CHILDHOOD is the most comprehensive publication I have seen for Music Education students. The inclusion of philosophical, pedagogical, and practical information makes it a valuable resource."

About the Author

Patricia Shehan Campbell is a professor of music at the University of Washington. She is a certified teacher of the Dalcroze Eurhythmics and has lectured and published widely on music, children, and pedagogy. She is author of TEACHING MUSIC GLOBALLY, SONGS IN THEIR HEADS, and LESSONS FROM THE WORLD.

Carol Scott-Kassner is a writer and consultant in Music Education. An expert in the musical growth of young children, she has written and spoken extensively on that topic. She is co-author of WORLD OF MUSIC and the MUSIC CONNECTION and MAKING MUSIC series of textbooks for kindergarten, 1st grade and 2nd grade.

Users Review

From reader reviews:

Eric Freeman:

Typically the book Music in Childhood: From Preschool through the Elementary Grades (with Audio CD) has a lot of knowledge on it. So when you check out this book you can get a lot of benefit. The book was written by the very famous author. Tom makes some research just before write this book. This particular book very easy to read you can obtain the point easily after reading this book.

William Grant:

Do you have something that you enjoy such as book? The reserve lovers usually prefer to select book like comic, quick story and the biggest you are novel. Now, why not seeking Music in Childhood: From Preschool through the Elementary Grades (with Audio CD) that give your fun preference will be satisfied simply by reading this book. Reading behavior all over the world can be said as the opportunity for people to know world considerably better then how they react when it comes to the world. It can't be mentioned constantly that reading routine only for the geeky individual but for all of you who wants to become success person. So , for all you who want to start examining as your good habit, you may pick Music in Childhood:

From Preschool through the Elementary Grades (with Audio CD) become your current starter.

Rosalie Castillo:

Your reading sixth sense will not betray an individual, why because this Music in Childhood: From Preschool through the Elementary Grades (with Audio CD) e-book written by well-known writer whose to say well how to make book which can be understand by anyone who all read the book. Written within good manner for you, leaking every ideas and writing skill only for eliminate your hunger then you still doubt Music in Childhood: From Preschool through the Elementary Grades (with Audio CD) as good book not just by the cover but also by the content. This is one publication that can break don't ascertain book by its handle, so do you still needing a different sixth sense to pick this!? Oh come on your examining sixth sense already told you so why you have to listening to another sixth sense.

Robert Quinonez:

As a scholar exactly feel bored to reading. If their teacher questioned them to go to the library as well as to make summary for some reserve, they are complained. Just little students that has reading's heart or real their interest. They just do what the professor want, like asked to the library. They go to at this time there but nothing reading seriously. Any students feel that reading is not important, boring and can't see colorful images on there. Yeah, it is to get complicated. Book is very important in your case. As we know that on this period, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore , this Music in Childhood: From Preschool through the Elementary Grades (with Audio CD) can make you feel more interested to read.
