Selected Reviews:

Hugh Harmon, Ph.D., co-author of 'Odyssey of the Soul, A Trilogy'

"Nancy Garen stands head and shoulders above her colleagues as she incorporates her vast knowledge of the inner worlds of the Royal Road she travels through the Tarot. This book captures her superb ability to teach others all they need to know to become masters themselves and opens the door to a greater understanding of the universal wisdom all innately possess."

Geert Delahaye, European Grand Master, President of Belgian Tarot Association

" 'The Tarot According to You' is a clear, concise, and more important, to the point kind of book. Newcomers will (or should, anyhow) love it for that unmistakable quality and the real "teachers" will accept it as an honest and textbook example of how they themselves should enlighten their pupils. Nancy Garen secured a place in history already with 'Tarot Made Easy' and most definitely with this gigantic gem!"

Kelly Jo South, Founder, The Psychic World Network

"Following the step by step process in Nancy's book will not only enlighten you on the meanings of the tarot cards it will fore tell the future through your own experiences. Her words are simple and understandable. I found information I have been searching for and my readings have never come out as clear as the ones I did today. All of my questions were answered and not a single doubt remained.

Thanks to Garen, I can now confidently give my clients the most accurate readings possible and I know that anyone who completes this book will never look at a card, scratch their heads and wonder what it means again. Nor will they have to rely on anyone else's interpretations or psychic abilities.

I thought nothing could top 'Tarot Made Easy' but this book is the best new age resource I have ever read. If there was ever a #1 tarot book, 'The Tarot According to You' should take first place! I hope that someday there will be an online work shop for her books. The more people are taught the tarot, the better off they will be."

Lady Jessica, HPS and Powsa Healer

"This book is FANTASTIC!!!!!! I like the "Symbols" section-that's very useful in understanding the cards "on sight". The whole "Basics" chapter explains pretty much everything about the cards IMHO. Nancy makes it simple to understand and it's written in a "we're two friends having coffee at the kitchen table" style. I feel like she's talking with me, rather than I'm reading and studying. I love that she stresses that there is no set "right way"; that each person has to trust their intuition and feelings about their readings.

I think the workbook format and the "possibilities" Nancy listed with each of the categories is fantastic. When a person is too close to a situation, they can't always ask objective, probing questions but she forces a person to take a step back and look at the situation/problem again. Most excellent!!!"

Marianne Price, Phone Psychic, Psychic Readers Network

"I love this book! It's just the thing I've been looking for! Once again I feel as though Nancy and I are on the same wavelength. She cuts through the crap and mystery surrounding tarot and teaches people that the key is themselves. When it comes out I want to buy copies for my kids. I think it's an excellent way for them to develop their skills."

Pat Perry, Professional Psychic

"I have been an experienced reader for over 15 years and have found that Nancy Garen's book, 'Tarot Made Easy' and her new book, 'The Tarot According to You' have been a God Send. I do approximately 200 readings a week and I am always searching for the ultimate in tarot knowledge. Every practicing psychic should have these two books."

Jen Kello, Psychic

"No matter what mystery you are pondering in your life, 'The Tarot According To You' holds the answers. Its clever and well written categories are a great follow up to Tarot Made Easy and makes all the other tarot books seem rather dull. Filled with information, quotes and 15 categories to choose from (such as love, work, guidance, etc.) this book is an excellent guide in teaching people how to learn through their own experiences and anyone who reads it will be able to relate to it."

Helen Hipson, Freelance Writer

"I thoroughly enjoyed reading 'The Tarot According to You'! I thought it was the very best tarot book ever because of the reader participation it invites. So many tarot books are very rigid in their stance that this or that is the right way to read a card and there can be no other. Ms. Garen recognizes the reality that there are many types of readers and many ways to read the cards."

RoseMarie Wilmot

"How intelligently and thoughtfully Nancy has handled such a complicated subject! It's clear enough for the neophyte, and sophisticated enough to satisfy and gratify the most advanced reader. I am staggered at the amount of research and the overwhelming work product she has gathered together in such an orderly format. It's truly impressive."

Jasmine Madosh

" 'The Tarot According To You' is spiritual detective work. Nancy solves the case as she unravels the mysteries of the universe in this jam packed book of knowledge. It's filled with wisdom my soul has craved for years! This is a must have for any tarot reader. Not only a self teaching tarot guide, it gives tarot readers a full view of the Godself within. Life is full of ups and downs; let this book balance them out!"
