Editorial Review

About the Author

Umit Ozguner is a professor of electrical and computer engineering at Ohio State University and holds the TRC Inc. Chair on Intelligent Transportation Systems (ITS). He received his Ph.D. from the University of Illinois and has held positions at I.B.M., University of Toronto and Istanbul Technical University. Tankut Acarman is an associate professor of computer engineering and vice director of the Institute of Sciences at Galatasaray University. He received an M.S. in computer and control engineering from Istanbul Technical University (Istanbul, Turkey) and a Ph.D. in electrical and computer engineering from Ohio State University. Keith Redmill is a research scientist in the department of electrical and computer engineering at Ohio State University, where he earned his M.S. and Ph.D.

Users Review

From reader reviews:

Margaret Pinson:

Do you have favorite book? For those who have, what is your favorite's book? Guide is very important thing for us to be aware of everything in the world. Each book has different aim as well as goal; it means that e-book has different type. Some people experience enjoy to spend their the perfect time to read a book. They are really reading whatever they get because their hobby is reading a book. How about the person who don't like examining a book? Sometime, individual feel need book once they found difficult problem or exercise. Well, probably you will want this Autonomous Ground Vehicles (Artech House Intelligent Transportation Systems Library).

Teresa Hennessey:

You can spend your free time to see this book this book. This Autonomous Ground Vehicles (Artech House Intelligent Transportation Systems Library) is simple bringing you can read it in the park your car, in the beach, train along with soon. If you did not get much space to bring the actual printed book, you can buy often the e-book. It is make you better to read it. You can save typically the book in your smart phone. Therefore there are a lot of benefits that you will get when you buy this book.

John Dumas:

What is your hobby? Have you heard that will question when you got students? We believe that that query was given by teacher to the students. Many kinds of hobby, Every individual has different hobby. And you know that little person including reading or as examining become their hobby. You need to understand that reading is very important in addition to book as to be the factor. Book is important thing to increase you knowledge, except your teacher or lecturer. You find good news or update with regards to something by book. Different categories of books that can you go onto be your object. One of them are these claims Autonomous Ground Vehicles (Artech House Intelligent Transportation Systems Library).

Marjorie Thompson:

Reading a reserve make you to get more knowledge from this. You can take knowledge and information originating from a book. Book is composed or printed or outlined from each source in which filled update of news. In this modern era like now, many ways to get information are available for a person. From media social including newspaper, magazines, science guide, encyclopedia, reference book, story and comic. You can add your understanding by that book. Isn't it time to spend your spare time to spread out your book? Or just searching for the Autonomous Ground Vehicles (Artech House Intelligent Transportation Systems Library) when you required it?
