Spencerville By Nelson DeMille

The cold war is over, and Keith Landry, one of the nation's top intelligence officers, is forced into early and unwanted retirement. Restless, Landry returns to Spencerville, the small Midwestern town where he grew up. The place has changed in the quarter century since Landry stepped off his front porch into the world, but two important people from his past are still there: Annie Prentis, his first love, and Cliff Baxter, the high school bully who became the police chief of Spencerville and Annie's possessive husband. They're all about to come together again-and rip Spencerville apart with violence, vengeance, and renewed passion.

Editorial Review

From Publishers Weekly

Cannily combining some of the emotional appeal of *Bridges of Madison County* with a riveting cat-and-mouse game between a retired CIA man and a psychotic rural police chief, DeMille's latest novel (after *The General's Daughter*) has bestseller written all over it. Keith Landry, his Cold War intelligence job a victim of the Soviet collapse, returns to the little Ohio town where he grew up and begins to tinker with thoughts of reviving the family farm. A former sweetheart, Annie, despondent after Keith went off to Vietnam, had married aggressive, good-looking Cliff Baxter on the rebound, but Keith and Annie had never ceased to correspond. Now that he's back, the old interest is rekindled in both, but Baxter, now police chief and a womanizing petty tyrant, is fiercely jealous-and the novel takes off as a deadly struggle between a man trained in the arts of deception and one with all the built-in advantages of police power in a remote spot. In the process, DeMille works in some poignant reflections on the diminishing role of the American heartland and some acute satire at the expense of the Washington power elite; he also manages a nice combination of wryness and passion in his middle-aged lovers. The pacing is expert: there is plenty of time for leisurely scenes, but the narrative tension never flags, and the final third keeps up a crackling drive. There are a few pat and unconvincing moments, and the inclination of DeMille's characters to think aloud is an odd quirk, but no readers, once hooked, are going to complain-or do much else-until they have finished the book. 400,000 first printing; BOMC main selection; major ad/promo; author tour.

From Library Journal

DeMille's thrillers (e.g., *The Charm School*, LJ 5/15/88) are a cut above most, and his many fans won't be disappointed with *Spencerville*. Keith Landry, a Cold War spy cashiered after the collapse of the Berlin Wall, returns to his rural Ohio birthplace hoping to rekindle an old flame. Alas, she's married to *Spencerville's* chief of police, an abusive, microcephalic goon who tries to run Landry out of town. DeMille is at his best when things are happening, but his thoughts on rural life and farming are a bit saccharine. Nonetheless, riveting suspense and likable characters make this a likely candidate for popular collections. --Mark Annichiarico, *"Library Journal"*

From Kirkus Reviews

A usually reliable and best-selling author (*The General's Daughter*, 1992, etc.) comes a-cropper with this tale of star-crossed lovers who finally meet again after a quarter century and then must deal with her psychotic husband, the sheriff and de facto dictator of their Ohio hometown. Such a story requires that the individuals involved seem likely to have held onto their youthful romance into middle age. When one, Keith Landry, is an exintelligence operative with the National Security Council, a man competent and experienced enough to have the president of the United States request his return to government service in the White House, such emotional gridlock seems pretty far-fetched. And when the other, Annie Prentis Baxter, has married the town psychopath and remained an apparently willing victim of her own stupid choice for more than 20 years, one must wonder what exactly it is about this woman that has kept Landry captivated. Readers are left to hope that DeMille's reputation for accomplished storytelling and the ability to create memorable characters will save the day. No such luck. This is pure (and unbelievable) melodrama with a stock cast: farmers who are almost actively unsophisticated (Landry's elderly aunt is absolutely baffled by a bottle of red wine), a kindly and understanding old preacher, the town drunk who is a Vietnam veteran and one of the sheriff's prime victims, and so forth. (There is a disdain for Middle America that ranges from implicit to overt throughout these pages.) Even those who fall outside the *Spencerville* paradigm, Landry's former high school pal and

his wife, are clichés of another sort: unreconstructed '60s peaceniks: They turn out to have no real role to play in the story. Only Landry's ex-boss from Washington is even vaguely interesting (and his role is essentially that of *deus ex machina*). Some tension in the final pages, but too little, too late. Very disappointing. (Book-of-the-Month Club main selection; author tour) -- *Copyright ©1994, Kirkus Associates, LP. All rights reserved.*

Users Review

From reader reviews:

Mary Williams:

In this 21st century, people become competitive in every single way. By being competitive now, people have to do something to make these individuals survive, being in the middle of often the crowded place and notice simply by surrounding. One thing that sometimes many people have underestimated it for a while is reading. That's why, by reading a book your ability to survive improves then having chance to stay than other is high. To suit your needs who want to start reading some sort of book, we give you this specific Spencerville book as beginner and daily reading publication. Why, because this book is more than just a book.

Kenneth Vargas:

A lot of people always spent their own free time to vacation or maybe go to the outside with their loved ones or their friend. Do you realize? Many a lot of people spent that they free time just watching TV, or maybe playing video games all day long. If you need to try to find a new activity this is look different you can read any book. It is really fun for you personally. If you enjoy the book you read you can spend all day every day to reading a book. The book Spencerville it doesn't matter what good to read. There are a lot of those who recommended this book. We were holding enjoying reading this book. When you did not have enough space to create this book you can buy the actual e-book. You can move quickly to read this book from the smart phone. The price is not too expensive but this book features high quality.

Roosevelt Alday:

Beside this kind of Spencerville in your phone, it may give you a way to get more close to the new knowledge or details. The information and the knowledge you can get here is fresh from your oven so don't become worry if you feel like an older people live in narrow community. It is good thing to have Spencerville because this book offers for you readable information. Do you at times have book but you do not get what it's interesting features of. Oh come on, that will not end up to happen if you have this inside your hand. The Enjoyable arrangement here cannot be questionable, just like treasuring beautiful island. Use you still want to miss this? Find this book and read it from right now!

Donald Oakes:

What is your hobby? Have you heard that question when you got learners? We believe that that query was given by teacher on their students. Many kinds of hobby, All people has different hobby. So you know that little person similar to reading or as reading through become their hobby. You need to understand that

reading is very important and book as to be the point. Book is important thing to add you knowledge, except your personal teacher or lecturer. You find good news or update with regards to something by book. Numerous books that can you decide to try be your object. One of them are these claims Spencerville.
