The Man Who Created Sherlock Holmes: The Life and Times of Sir Arthur Conan Doyle By Andrew Lycett

Though Sir Arthur Conan Doyle's name is recognized the world over, for decades the man himself has been overshadowed by his better understood creation, Sherlock Holmes, who has become one of literature's most enduring characters. Based on thousands of previously unavailable documents, Andrew Lycett, author of the critically acclaimed biography *Dylan Thomas*, offers the first definitive biography of the baffling Conan Doyle, finally making sense of a long-standing mystery: how the scientifically minded creator of the world's most rational detective himself succumbed to an avid belief in spiritualism, including communication with the dead.

Conan Doyle was a man of many contradictions. Always romantic, energetic, idealistic and upstanding, he could also be selfish and fool-hardy. Lycett assembles the many threads of Conan Doyle's life, including the lasting impact of his domineering mother and his wayward, alcoholic father; his affair with a younger woman while his wife lay dying; and his nearly fanatical pursuit of scientific data to prove and explain various supernatural phenomena. Lycett reveals the evolution of Conan Doyle's nature and ideas against the backdrop of his intense personal life, wider society and the intellectual ferment of his age. In response to the dramatic scientific and social transformations at the turn of the century, he rejected traditional religious faith in favor of psychics and séances -- and in this way he embodied all of his late-Victorian, early-Edwardian era's ambivalence about the advance of science and the decline of religion.

The first biographer to gain access to Conan Doyle's newly released personal archive -- which includes correspondence, diaries, original manuscripts and more -- Lycett combines assiduous research with penetrating insight to offer the most comprehensive, lucid and sympathetic portrait yet of Conan Doyle's personal journey from student to doctor, from world-famous author to ardent spiritualist.

Editorial Review

From Publishers Weekly

Lycett, biographer of Rudyard Kipling and Dylan Thomas, turns his attention to the father of detective stories in this enjoyable if densely packed biography. From his early years in Edinburgh to his life at boarding school, Conan Doyle developed a love of storytelling and mythology. After finishing medical school, he turned to writing as a way to explore his paradoxical interest in spiritualism and science. While writing his first Holmes story, *A Study in Scarlet*, published in 1886, Conan Doyle continued to practice medicine and tend to his growing family. Lycett shows that Conan Doyle often viewed his laconic detective's stories as inferior to his other work, which included everything from the social novel to a history of Britain's involvement in WWI. With his detailed descriptions of the Doyle family tree, Lycett often overwhelms the reader with names and dates, but fans won't be disappointed with his unearthing of the origins of the famous detective's name (fellow student Patrick Sherlock and Oliver Wendell Holmes) or Conan Doyle's associations with everyone from Oscar Wilde to Harry Houdini. Those looking for a close reading of the Holmes canon should look elsewhere, but fans of the in-depth literary biography will find this a satisfying read. (Dec.)

Review

"[An] excellent biography.... Comprehensive and authoritative, it is undoubtedly the best account of Doyle to date, and the best we are likely to get." -- *The Sunday Times* (London)

"Lycett excels in unearthing the sources from which Doyle drew to endow Holmes with unique skills.... [A] brilliant analysis." -- *Sunday Herald* (Scotland)

"In Andrew Lycett's hugely enjoyable new biography, the sheer breathtaking dynamism of [Conan Doyle] shines through.... [An] impeccably researched book." -- *The Sunday Telegraph* (London)

"It is the precise and intelligent appreciation of the differences by which Conan Doyle was composed that makes Lycett's diagnosis of his subject so thoroughly satisfying. Using previously unseen archives, Lycett gives us Conan Doyle as a late Victorian and definitive Edwardian, battling with the uncertainties of his own age, weary of the uncertainties of the next one." -- *The New Statesman* (London)

"Conan Doyle has found a biographer of distinction in Andrew Lycett.... Lycett's brilliant piece of detective work on the author of the Sherlock Holmes stories now allows us to judge his literary worth against that of his peers and properly to set him in the context of his times.... [A] splendid biography." -- *The Guardian*, Book of the Week selection (London)

"[A] sympathetic new biography...shrewd and thorough...entertaining." -- *The Independent on Sunday* (London)

About the Author

Andrew Lycett studied history at Oxford University. After an early career as a foreign correspondent specializing in Africa and the Middle East, he now writes biographies. His lives of Dylan Thomas, Rudyard Kipling and Ian Fleming have been highly praised.

Users Review

From reader reviews:

Paul Blecha:
