Editorial Review

Review

"Powerful, practical and deliciously magickal! I love *The Herbal Alchemists Handbook*! Not only does it have excellent recipes, but it tells you the how and why behind the principles of formulation rooted in tradition but not afraid to add new, practical and firsthand knowledge. In particular, Karen takes a tough topic, formulation with your numerology or astrology and explains the process in clear terms and makes it fun as well as informative." --**Christopher Penczak**, author of *The Temple of Witchcraft* series and *The Plant Spirit Familiar*

"A thorough and remarkably usable handbook." --**Lon Milo DuQuette**, author of *Enochian Vision Magick*

"Karen Harrison's got the goods! I met Karen in the flesh in 1987, although my company had been selling her Moon Magic line of oils and incenses for years. I thought I knew something about herbs--this was before my first real conversation with her! I am delighted that she has finally distilled her years of herbal practice, Qabalistic study, astrological knowledge and magical expertise into a book that will benefit any student of the occult arts, from novice to adept. Well done, Karen!" --**Judith Hawkins-Tillirson**, author of *The Weiser Concise Guide to Herbal Magick*

"Being a well trained and experienced herbologist, the author has created a modern-day herbal grimoire by presenting valuable material in an easy to follow format. She gathers ancient wisdom and illustrates its use in an intelligible style convenient for the modern practitioner. Delightful reading for the herbalist, witch and astrologer alike." --**Theitic**, editor/publisher of *The Witches' Almanac*

"Karen Harrison's book is a boon to herbalists, alchemists, witches and magicians alike. Based on the philosophy and teachings of Paracelsus, it details--in every sense of the word--the use of herbs; examining the spirit or chi of the plants, and suggests how that special individual power might be used both mundanely and magically. This is an eminently practical book. It is fully annotated and offers recipes for the blending of incenses, for ceremonial oils, philtres and more. For me, this book will have a permanent place in my collection. It is a joy to read; a wealth of knowledge." --**Raymond Buckland**, author of *Buckland's Book of Gypsy Magic*
