The Oxford Dictionary of Nursery Rhymes From Oxford University Press USA

Here is a brand new edition of *the* classic anthology of nursery rhymes--over 500 rhymes, songs, nonsense jingles, and lullabies traditionally handed down to young children. Included are all of your favorites, ranging from "Yankee Doodle Came to Town" and "A Frog He Would A-Wooing Go" to "Baa, Baa, Black Sheep," "Jack and Jill" and "Old Mother Hubbard." And complementing the rhymes are nearly a hundred illustrations, including reproductions of early art found in ballad sheets and music books, which highlight the development of children's illustrations over the last two centuries.

With each piece, Iona and Peter Opie introduced a wealth of information, noting the earliest known publications of the rhyme, describing how it originated, illustrating changes in wording over time, and indicating variations and parallels in other languages. Moreover, in the general introduction, the Opies discuss the different types of rhyme and the earliest published collections, and they address such questions as who was Mother Goose and whether or not individual rhymes originally portrayed real people. For this second edition, the notes have been updated and extended in light of recent scholarship, providing an unrivaled wealth of literary and bibliographic information.

The Oxford Dictionary of Nursery Rhymes is now more than ever an indispensable reference source for scholars and book collectors as well as a volume to be treasured by parents and children alike.

That book was represented just how can the world has grown up. The terminology styles that writer value to explain it is easy to understand. The particular writer made some exploration when he makes this book. Here is why this book ideal all of you.

Mason Childress:

As a scholar exactly feel bored to help reading. If their teacher questioned them to go to the library in order to make summary for some publication, they are complained. Just little students that has reading's soul or real their passion. They just do what the educator want, like asked to go to the library. They go to at this time there but nothing reading significantly. Any students feel that studying is not important, boring and can't see colorful images on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore this The Oxford Dictionary of Nursery Rhymes can make you experience more

interested to read.

Brittany Gonzalez:
