"This is an impressively rich, thorough and up-to-date overview of the many sub-domains that make up the discipline of linguistics by a group of leading scholars from around the world. Both newcomers and those already working in the field will find much here to educate, enlighten and entertain them."

Nigel Vincent, *University of Manchester, UK*

"This Handbook brings together an impressive team of experts to provide an introduction to linguistics more comprehensive than any that has gone before. The discussions are clear and insightful, and the chapters cover an array of topics ranging from gesture to neurolinguistics to social media, and everything in between.
