Editorial Review

From [Booklist](#)

Imagine there are two worlds, the natural world and that of the supernatural. Further, imagine they are separated by a gossamer veil. Lastly, imagine two boys, Ewan and Colby, from the natural world who find themselves in the supernatural, and you have the premise of this epic fantasy. Shortly after the two boys meet, however, they are returned to the natural world where they grow up, Ewan to become a musician and Colby to become a bookstore clerk and something more: a wizard! In due course, the supernatural and natural worlds will mesh with, well, catastrophic results. Cargill's first novel is replete with a bewildering variety of fairies and a sometimes bewildering amount of philosophizing that occasionally retards the action of an otherwise dynamic story. However, Ewan and Colby are both likable characters who invite the reader's empathy, and the setting of the supernatural world is richly imagined. All in all, an auspicious debut, the closing pages of which seem to promise, duh, a sequel. --Michael Cart

Review

"A potent introduction to a world where the wondrous is rarely wonderful, the best intentions are guaranteed to roam farthest astray, and the reader is destined to keep turning the pages until the (somewhat) bitter end." (BookPage)

"Hard to put down...definitely going to attract readers of contemporary fantasy, particular those who enjoy Neil Gaiman's adult books or Lev Grossman's *The Magicians*." (Library Journal)

"Richly imagined...an auspicious debut." (Booklist)

"Cargill proves with *Dreams and Shadows* that he's not just a writer capable of creating and presenting dense mythology well...but that he is also a talented storyteller with a visual sense about his prose that edges on riveting." (Breitbart/ Big Hollywood)

"The rich language, world building, and moral questions posed make for fascinating reading. Much of the novel is dark, but hope and redemption form the bedrock of the complex characters." (SFRevu)

"Screenwriter and former film critic C. Robert Cargill's urban fantasy novel creates a rich universe full of dangerous and fascinating characters....the world that Cargill has created here is too rich to abandon." (MTV Geek)

"Exceptional worldbuilding, sure-handed plotting and well-rounded characters, even the nasty ones, abound, and the whole impressive enterprise moves smartly along through a fairy culture with a structure and motivations sharply different from that of humans. A mesmerizing and highly original debut." (Kirkus Reviews (starred review))

"In this beautifully written debut.... The universe is richly detailed, and issues of destiny and sacrifice give the story depth...for those that enjoy a rollercoaster ride into the depths of strangeness and despair."

From the Back Cover

A brilliantly crafted modern tale from acclaimed film critic and screenwriter C. Robert Cargill—part Neil Gaiman, part Guillermo Del Toro, part William S. Burroughs—that charts the lives of two boys from their star-crossed childhood in the realm of magic and mystery to their anguished adulthoods

There is another world than our own—one no closer than a kiss and one no further than our nightmares—where all the stuff of which dreams are made is real and magic is just a step away. But once you see that world, you will never be the same.

Dreams and Shadows takes us beyond this veil. Once bold explorers and youthful denizens of this magical realm, Ewan is now an Austin musician who just met his dream girl, and Colby, meanwhile, cannot escape the consequences of an innocent wish. But while Ewan and Colby left the Limestone Kingdom as children, it has never forgotten them. And in a world where angels relax on rooftops, whiskey-swilling genies argue metaphysics with foul-mouthed wizards, and monsters in the shadows feed on fear, you can never outrun your fate.

Dreams and Shadows is a stunning and evocative debut about the magic and monsters in our world and in our self.
