Editorial Review

Review

"Donald Fixico, a leading historian of the indigenous experience, writes with a powerful voice from Indian Country. His provocative message about Indian ways of thought should be considered by anyone interested in Native American Studies."

-Peter Mancall, University of Southern California

"This provocative and courageous work by a leading American Indian scholar makes an important contribution to American intellectual and cultural history. It provides a valuable synthesis of key ideas and insightful introductions to major individuals, programs, and institutions. Donald Fixico has written an honest, searching, and significant book."

-Peter Iverson, Arizona State University

"Drawing on both personal experience and the abundant literature on Native Americans, Donald Fixico argues for the uniqueness of the American Indian mind, which he characterizes as representing a visual and circular philosophy based on relationship to the natural world. The book is a call for American Indian intellectual sovereignty and for the importance of perpetuating tradition to maintain identity in the modern world."

-Raymond J. DeMallie, Indiana University

"Written from an American Indian point of view, 'The American Indian Mind in a Linear World' is a searing critical multidisciplinary review and analysis of the differences existing between the Indian and Anglo-American mind.."

-Leonard Bruguier, University of South Dakota

About the Author

Donald L. Fixico is the Thomas Bowlus Distinguished Professor of American Indian History, CLAS Scholar, director of the Indigenous Nations Studies Program and Center, and editor of Indigenous Nations Studies Journal at the University of Kansas. He is an American Indian (Shawnee, Sac and Fox, Muscogee Creek, Seminole).

Users Review

From reader reviews:

Nicole Marcil:

Information is provisions for folks to get better life, information today can get by anyone at everywhere. The information can be a knowledge or any news even a problem. What people must be consider whenever those information which is in the former life are challenging to be find than now is taking seriously which one is suitable to believe or which one often the resource are convinced. If you receive the unstable resource then you understand it as your main information there will be huge disadvantage for you. All of those possibilities will not happen with you if you take The American Indian Mind in a Linear World: American Indian Studies and Traditional Knowledge as the daily resource information.
