Editorial Review

From [Booklist](#)

This opening book in a new series, *The Immortals*, will thrill many teen fantasy-suspense readers, especially fans of Stephenie Meyer's *Twilight* series. Seventeen-year-old Ever survived the car crash that killed her parents, younger sister, and their dog. Now she lives with an aunt in Southern California, plagued not only by survivor guilt but also by a new ability to hear the thoughts of all around her. She tries to tune out all these distractions by keeping her hoodie up and her iPod cranked loud, until Damen, the cute new boy at school, convinces her to come out of her shell. Damen, however, is frighteningly clever—and has the strange ability to produce tulips from nowhere and disappear himself at critical moments. Noël (*Saving Zoë*, 2007) creates a cast of recognizably diverse teens in a realistic high-school setting, along with just the right tension to make Ever's discovery of her own immortality—should she choose it—exciting and credible. Grades 8-10. --Francisca Goldsmith

Review

"*Evermore* is addictive. When I wasn't reading, I was thinking about how I could sneak away to read some more. I couldn't put it down. I dreamt about this book. And when I was finished, I couldn't get it out of my head. This book was simply breathtaking." ?*Teens Read Too*

"Teen angst and the paranormal make a combustible mix as Noel utilizes typical themes and gives them a dangerous and eerie twist. Getting hooked on this new series, *The Immortals*, is guaranteed." ?4 stars! *Romantic Times Magazine*

"Readers who enjoy the works of PC Cast and Stephenie Meyer will love this outstanding paranormal teen-lit thriller." ?*Midwest Book Review*

"Get ready for a wild ride that is filled with twisting paths and mystery, love and fantasy. . . The writing style, story, and characters are a bit like Meyer and Marr's popular books, but written with a new twist and voice. And after reading the book, you too will probably want your own Damen, even if it means making the ultimate sacrifice." ?5/5 stars! *The Book Queen*

"I found myself unwilling to put the book down, even though I had to at some points, because I wanted to know what was going to happen...Ever was so real and her emotions were so believable that it was a little creepy. It's like Alyson Noël is actually a grieving, lovestruck teenager. She got Ever completely perfect. And by perfect, I mean delightfully flawed and deep." ?*The Frenetic Reader*

"*Evermore* is a wonderful book that I believe would be a lovely addition to any library . . . Definitely a book that fans of Stephenie Meyer and Melissa Marr should add to their collections. Definitely engaging and will catch your attention the minute you open to the first page!" ?*Mind of a Bibliophile*

"Alyson Noel creates a great picture of each and every character in the book. I am a fan of the *Twilight* series and I recommend this book to those who like the series as well. It is a very quick read, with all the interesting twist and turns." ?*Flamingnet Book Reviews*

"I loved this book. It really keeps your attention though out the story, because the puzzle gets pieced together bit by bit, but you don't know exactly what happened until the end. The only thing that disappoints me is that the second book won't be published for a while. I would definitely recommend this to my friends."

?Portsmouth Teen Book Review

“This is the first installment of *The Immortals* series. Ms. Noël pens a well-detailed story that makes it easy for the reader to visualize both the characters and the world around them. *Evermore* has a familiar theme that attracts readers, but inside this book you'll find that the author has added some unique details that sets it apart.” ?*Darque Reviews*

“*Evermore*'s suspense, eerie mystery, and strange magic were interestingly entertaining...I found Ever to be a character I could really respect...Recommended.” ?*The Bookworm*

“Beautiful main characters, tense budding romance, a dark secret, mysterious immortals?what more could you ask from this modern gothic romance?” ?*Justine Magazine*

“*Evermore* was a great way to lighten my reading load this winter and provided me with a creative, magical story that I really enjoyed. This is the first in a series for Noel and I think she may have a hit on her hands . . . *Evermore* has good and evil, likable characters, vivid descriptions and a good story.” ?*Planet Books*

“I fell into it easily, and loved the world Noel created . . . The fact that Ever had psychic powers was truly interesting. They flowed neatly through the book and I felt Ever's pain . .trust me, this book was really good. I couldn't put it down. Alyson Noel created an amazing new world, and after this book I am so curious to see where it heads because honestly, I have no idea.” ?*Reading Keeps You Sane*

“Ever is an easy character to like. I really felt for her because of all she lost and what she struggled with daily...*Evermore* was a really fast, engaging read with some great characters. It is the first in a series, so I'm eager to see if we will learn more about Ever, Damen and friends in the next one...it's sure to be a great read.” ?*Ninja reviews*

“The writing here is clear, the story well-defined and narrator Ever has an engaging voice that teens should enjoy.” ?*January Magazine*

“Alyson Noël created a well-detailed story that makes it easy for the reader to visualize both the characters and the world around them. *Evermore* has a familiar theme that attracts readers, but inside this book you'll find that the author has added some unique details that sets it apart and will surprise you.” ?*The Ravenous Reader*
