Political Geography: World-economy, Nation-state and Locality By Colin Flint, Peter Taylor

We live in a rapidly changing world in which politics is becoming both more and less predictable at the same time: this makes political geography a particularly exciting topic to study.

To make sense of the continuities and disruptions within this political world requires a strongly focused yet flexible text. This new (sixth) edition of Peter Taylor's *Political Geography* proves itself fit for the task of coping with a frequently and rapidly changing geo-political landscape. Co-authored again with Colin Flint, it retains the intellectual clarity, rigour and vision of previous editions, based upon its world-systems approach.

Reflecting the backdrop of the current global climate, this is the *Empire, globalization and climate change* edition in which global political change is being driven by three related processes: the role of cities in economic and political networks; the problems facing territorially based notions of democratic politics and citizenship, and the ongoing spectre of war.

This sixth edition remains a core text for students of political geography, geopolitics, international relations and political science, as well as more broadly across human geography and the social sciences.

Editorial Review

Review

'Political Geography covers and comments on principal events and challenges to today's world, including political violence and terrorism, ecological disaster, imperialism, economic inequity and exclusionary and fundamentalist attitudes towards nationalism and religion.'

- Times Higher Education

From the Back Cover

We live in a rapidly changing world in which politics is becoming both more *and* less predictable at the same time: this makes it a particularly exciting topic to study. To make sense of the continuities and disruptions within this political world requires a strongly focused yet flexible text. This new (sixth) edition of Peter Taylor's seminal *Political Geography* proves itself fit for the task of coping with a frequently and rapidly changing geopolitical landscape. Co-authored again with Colin Flint, it retains the intellectual clarity, rigour and vision of previous editions, based upon its world-systems approach.

Reflecting the backdrop of the world against which it is written, this is the *Empire, globalization and climate change* edition in which global political change is being driven by three related processes: the role of cities in economic and political networks; the problems facing territorially based notions of democratic politics and citizenship, and the ongoing spectre of war.

New to this edition

- A new section on citizenship
- A new section on social movements
- Emphasis on the key role of world cities in shaping the political geography of the world
- A prologue that provides a brief and pointed history of political geography
- An epilogue that summarizes the framework adopted throughout the book and assists readers in applying it to interpret their changing world

Key features

- Extensive coverage of and commentary upon the principal events and challenges of today's world - political violence and terrorism, imperialism, ecological disaster, economic inequity, and exclusionary and fundamentalist attitudes towards nationalism and religion
- Case studies help ground the theoretical argument in the real world
- Concise vignettes show events of key political importance as presented in the media
- Mid- and end-of-chapter summaries make the information more digestible and navigable
- Activities and further reading to guide readers through their own exploration of the book's topics
- A glossary of key terms to aid understanding and help facilitate revision of the subject.

This sixth edition remains a core text for students of political geography, geopolitics, international relations and political science, as well as more broadly across human geography and the social sciences.

Colin Flint is Associate Professor of Geography at the University of Illinois, Urbana-Champaign, USA

Peter Taylor is Professor of Human Geography, School of Built and Natural Environment, Northumbria University, Newcastle upon Tyne, UK

Users Review

From reader reviews:

Jennifer Wadsworth:

This Political Geography: World-economy, Nation-state and Locality is great e-book for you because the content that is certainly full of information for you who have always deal with world and have to make decision every minute. This kind of book reveal it information accurately using great arrange word or we can claim no rambling sentences in it. So if you are read the item hurriedly you can have whole details in it. Doesn't mean it only gives you straight forward sentences but tough core information with lovely delivering sentences. Having Political Geography: World-economy, Nation-state and Locality in your hand like finding the world in your arm, data in it is not ridiculous one particular. We can say that no book that offer you world within ten or fifteen moment right but this reserve already do that. So , it is good reading book. Heya Mr. and Mrs. occupied do you still doubt this?

Ross Adams:

In this period of time globalization it is important to someone to obtain information. The information will make professionals understand the condition of the world. The healthiness of the world makes the information quicker to share. You can find a lot of referrals to get information example: internet, paper, book, and soon. You can view that now, a lot of publisher which print many kinds of book. The actual book that recommended to you personally is Political Geography: World-economy, Nation-state and Locality this reserve consist a lot of the information on the condition of this world now. This book was represented how do the world has grown up. The vocabulary styles that writer make usage of to explain it is easy to understand. Often the writer made some research when he makes this book. That is why this book acceptable all of you.

Pearl Dyson:

Beside that Political Geography: World-economy, Nation-state and Locality in your phone, it might give you a way to get nearer to the new knowledge or info. The information and the knowledge you may got here is fresh from your oven so don't become worry if you feel like an previous people live in narrow village. It is good thing to have Political Geography: World-economy, Nation-state and Locality because this book offers to you readable information. Do you occasionally have book but you do not get what it's interesting features of. Oh come on, that wil happen if you have this with your hand. The Enjoyable arrangement here cannot be questionable, like treasuring beautiful island. Use you still want to miss that? Find this book and read it from at this point!

Clarence Jenkins:

Some people said that they feel uninterested when they reading a book. They are directly felt the idea when they get a half elements of the book. You can choose the book Political Geography: World-economy, Nation-state and Locality to make your personal reading is interesting. Your current skill of reading proficiency is developing when you including reading. Try to choose straightforward book to make you enjoy to see it and mingle the opinion about book and looking at especially. It is to be first opinion for you to like to wide open a book and go through it. Beside that the publication Political Geography: World-economy, Nation-state and Locality can to be a newly purchased friend when you're sense alone and confuse in what must you're doing of this time.
