Editorial Review

Review

'R. Horacio Etchegoyen has written a splendid textbook on psychoanalytic technique- thoughtful, extensive in its coverage, authoritative without being polemical, deep in insights that reflect the author's clinical experience... Both beginners and experienced analysts should find this book of interest and value. The former for its overview and as a guide to original sources, the latter for being introduced to a seasoned analyst's experience and wisdom... Above all, psychoanalytic technique is presented throughout as a scientific inquiry in progress, and the interchange of communication across alternative approaches it proposes is a creative, productive way of stimulating understanding and fostering the effectiveness of our interventions with patients. I believe this book will be recognized as a major milestone in the growing literature on psychoanalytic technique and a major crossroad facilitating the communication and mutual enrichment of alternative schools and approaches.'- Otto F. Kernberg, MD

In the preface, the author writes: "My one aspiration is that this book may help my colleagues to discover in themselves the analysts that they really are." To that end, I think it will surely succeed. It will be of inestimable value to all teachers and students of psychoanalysis, however experienced. There is no other book like it.'- Patrick Casement

[The Fundamentals of Psychoanalytic Technique] is encyclopaedic in its consideration of the various theories of psychoanalytic technique... It is catholic in its inclusiveness, but at the same time, the panorama it presents has been distilled through the author's intelligence so that it has the mark of personal scholarship... These topics are covered in a thoughtful and critical way, with numerous cross-references between them. Etchegoyen is a gentleman; always thoughtful and respectful, he considers each point of view with an impressive even-handedness and objectivity. When he disagrees or criticizes, he is straightforward and direct, never pulling punches or mincing words, but at the same time he manages never to be polemical. For instance, although he has serious criticisms of many of Lacan's ideas, I found his exposition of them to be no less respectful, and more lucid, than any I have read by Lacan's adherents. This alone is worth the price of the book.'- Robert Caper, MD

About the Author

Horacio Etchegoyen, psychoanalyst and author of the seminal and widely acclaimed 'The Fundamentals of Psychoanalytic Technique', was the first Latin-American President of the International Psychoanalytical Association (IPA), from 1993 to 1997, an Honorary Vice-President of the IPA, and President of the Asociacion Psicoanalitica de Buenos Aires (APdeBA) from 1977 to 1978.

Users Review

From reader reviews:

Clara Reece:

What do you concerning book? It is not important with you? Or just adding material when you really need something to explain what the one you have problem? How about your extra time? Or are you busy person? If you don't have spare time to do others business, it is gives you the sense of being bored faster. And you have extra time? What did you do? Every person has many questions above. They need to answer that

question simply because just their can do that will. It said that about guide. Book is familiar on every person. Yes, it is proper. Because start from on kindergarten until university need this specific The Fundamentals of Psychoanalytic Technique to read.

Mary Crouch:

Reading a guide can be one of a lot of activity that everyone in the world really likes. Do you like reading book thus. There are a lot of reasons why people enjoy it. First reading a guide will give you a lot of new data. When you read a e-book you will get new information due to the fact book is one of various ways to share the information or maybe their idea. Second, studying a book will make you more imaginative. When you looking at a book especially fictional book the author will bring you to imagine the story how the characters do it anything. Third, you could share your knowledge to other people. When you read this The Fundamentals of Psychoanalytic Technique, you are able to tells your family, friends along with soon about yours reserve. Your knowledge can inspire average, make them reading a guide.

Juan Moses:

Reading a book being new life style in this yr; every people loves to study a book. When you study a book you can get a lot of benefit. When you read guides, you can improve your knowledge, due to the fact book has a lot of information in it. The information that you will get depend on what types of book that you have read. If you need to get information about your analysis, you can read education books, but if you want to entertain yourself read a fiction books, this kind of us novel, comics, and also soon. The The Fundamentals of Psychoanalytic Technique will give you a new experience in looking at a book.

Mary Varnum:

As a university student exactly feel bored in order to reading. If their teacher expected them to go to the library as well as to make summary for some guide, they are complained. Just tiny students that has reading's spirit or real their leisure activity. They just do what the instructor want, like asked to the library. They go to presently there but nothing reading seriously. Any students feel that looking at is not important, boring and also can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this era, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this The Fundamentals of Psychoanalytic Technique can make you truly feel more interested to read.
