**Rogue Planet (Star Wars)** By Greg Bear

### MASTER AND APPRENTICE

The Force is strong in twelve-year-old Anakin Skywalker . . . so strong that the Jedi Council, despite misgivings, entrusted young Obi-Wan Kenobi with the mission of training him to become a Jedi Knight. Obi-Wan? like his slain Master Qui-Gon?believes Anakin may be the chosen one, the Jedi destined to bring balance to the Force. But first Obi-Wan must help his undisciplined apprentice, who still bears the scars of slavery, find his own balance.

Dispatched to the mysterious planet of Zonama Sekot, source of the fastest ships in the galaxy, Obi-Wan and Anakin are swept up in a swirl of deadly intrigue and betrayal. They sense a disturbance in the Force unlike any they have encountered before. It seems there are more secrets on Zonama Sekot than meet the eye. But the search for those secrets will threaten the bond between Obi-Wan and Anakin . . . and bring the troubled young apprentice face-to-face with his deepest fears?and his darkest destiny.

## **Editorial Review**

### **Amazon.com Review**

It's an unexpected combination: Greg Bear, author of so many ambitiously complex SF novels, writing about the colorful simplicities of the *Star Wars* universe. But he carries it off well, with a mix of action-adventure and thoughtful world building that entertains while keeping to the spirit of Lucas's saga.

A few years after the events of *The Phantom Menace*, young Anakin Skywalker is getting restless--sneaking away from Jedi Temple training to gamble his life in a flying game that's much more bizarre and dangerous than the movie's pod racing, even before an alien Blood Carver assassin intervenes. Anakin's character is taking shape now:

But above all, he loved *winning*.

To turn the boy's frustrated energy to useful ends, the Jedi Council has Obi-Wan Kenobi take Anakin to investigate the remote, enigmatic world Zonama Sekot, whose organic technologies produce magnificent spacecraft, and where a Jedi has vanished without a trace. Secretly pursuing them is a battle squadron captained by the weapons designer who has already blueprinted the Death Star and is being double-crossed by his employer Commander Tarkin.

*Rogue Planet's* action climaxes as the Jedis learn to grow their own spaceship, the Blood Carver strikes, and two heavily armed fleets converge on helpless-seeming Zonama Sekot. Every faction has secret cards up its sleeve--and Anakin's is a very dangerous wild card indeed. There's final victory and heartbreak, but also loose ends (including even stranger, deadlier aliens) that suggest sequels to follow. Bear does a solidly workmanlike job. --David Langford, *Amazon.co.uk*

## **Users Review**

### **From reader reviews:**

**Miguel Philip:**

Information is provisions for people to get better life, information nowadays can get by anyone with everywhere. The information can be a information or any news even a huge concern. What people must be consider if those information which is inside the former life are difficult to be find than now could be taking seriously which one is acceptable to believe or which one the resource are convinced. If you obtain the unstable resource then you get it as your main information it will have huge disadvantage for you. All of those possibilities will not happen inside you if you take Rogue Planet (Star Wars) as your daily resource information.

**Jeannine Ricks:**

Playing with family inside a park, coming to see the ocean world or hanging out with close friends is thing that usually you will have done when you have spare time, then why you don't try matter that really opposite from that. Just one activity that make you not feeling tired but still relaxing, trilling like on roller coaster you have been ride on and with addition info. Even you love Rogue Planet (Star Wars), you can enjoy both. It is fine combination right, you still need to miss it? What kind of hang-out type is it? Oh occur its mind hangout men. What? Still don't get it, oh come on its named reading friends.

**Mae Mosley:**

Is it an individual who having spare time then spend it whole day through watching television programs or just laying on the bed? Do you need something totally new? This Rogue Planet (Star Wars) can be the solution, oh how comes? The new book you know. You are thus out of date, spending your extra time by reading in this fresh era is common not a nerd activity. So what these ebooks have than the others?

**Donna Davis:**

A lot of e-book has printed but it is different. You can get it by web on social media. You can choose the very best book for you, science, amusing, novel, or whatever by searching from it. It is referred to as of book Rogue Planet (Star Wars). You'll be able to your knowledge by it. Without leaving behind the printed book, it can add your knowledge and make anyone happier to read. It is most crucial that, you must aware about e-book. It can bring you from one destination for a other place.
