'the well documented anthology provides a constructive and effective stage in the ongoing discussion as a considerable stimulation for broader attention.' Michael Schlottner, International Review of Anthropology and Linguistics

'Fischer now has complete, readable texts in an ancient form of Greek. Fischer's most valuable contribution is a detailed history of research on Rongoronga ... and a full catalogue of all known Rongorongo inscriptions. These alone will make this book a must, not only for Polynesian specialists, but for all those interested in non-European scripts.' The Times Higher Education Supplement
